

Type: CAS113

Product Description

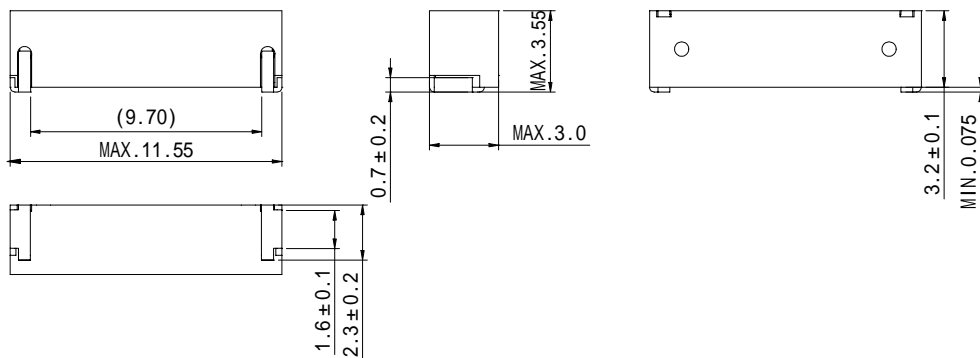

- 11.55 x 3.3mm Max.(L x W),3.55mm Max. Height.
- Operating temperature: - 40 ~ + 125 .
- Encapsulated core and winding for high mechanical performance.

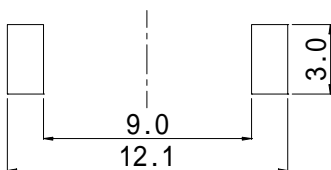

Feature

- LF transponder receiver antenna.
- Ideally used in Tire Pressure Monitoring System and keyless smart entry system.
- RoHS Compliance.
