

KSD301-U-V / KSD301-U-G

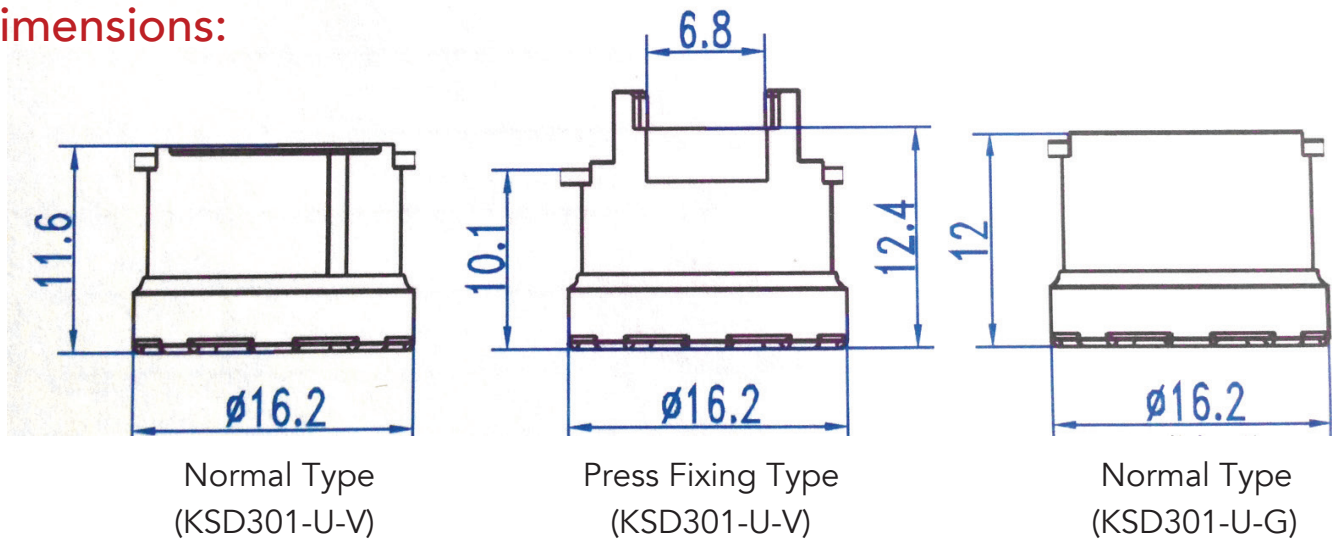

BIMETAL THERMOSTAT

The KSD301-U Series Thermostat is specifically designed for appliances with one shot over-heat protection and prevention of excessive temperature rise. It can be customized to reset below the low temperature of -35°C, or never reset. It can be used in the appliance with excessive temperature protection such as toasters, copy machine sand printers to name a few.

KSD301-U-V	One shot type, resin base, OT 170°C Max
KSD301-U-G	One shot type, ceramic base, OT 220°C Max
