

The symbol: MDA2020

2xRCA PHONO cable to a turntable with an earth wire Purple Rain - 2m

Technical data:

Strand section	23 AWG (Copper wire 0.25 mm <sup>2</sup> )
Material	Oxygen Free Copper with minimum purity of 99.99%
Strand resistance	≤ 71 Ohm/Km @ 20°C
Shield resistance	≤ 13,5 Ohm/Km
Strand/shield effective capacity	≤ 65 pF/mt @ 1 KHz
Cable diameter	7.0 mm
Shield (made as the reticular plait)	160x 0.1mm wire (95-100%)
Isolation	PE
Strands/pairs number	1/1
Coat	PVC

- Great proof against: oils, UV rays, sea water, ozone, alcohol.
- Excellent impact strength, high mechanical energy absorption, good resistance to abrasion.
- Cable connected to the connector by crimping, not by soldering.

All technical data, descriptions and products looks are consistent with our best knowledge but they can change without the notice.
