PCA4625
Converter for Connecting 64-pin RSS Type Emulator MCU to 52-pin 1.778mm-pitch SDIP

Function

The PCA4625 is a board for converting the pin assignment of 64-pin RSS type emulator MCU to that of 52-pin 1.778mm-pitch SDIP.

Application

Use the PCA4625 to insert into the 52-pin SDIP socket on the target and to insert RSS type emulator MCU into the PCA4625 socket.

Dimensions

65.0(D)×22.0(W)×13.5(H)mm

Pin Diameter

ø 0.45mm

[Ordering Information] See Appendix H "Ordering Information".
