LED TV
user manual

Still image warning

Avoid displaying still images (such as jpeg picture files) or still image elements (such as TV channel logos, panorama or 4:3 image format, stock or news bars at screen bottom etc.) on the screen. Constant displaying of still pictures can cause ghosting of LED screen, which will affect image quality. To reduce risk of this effect, please follow below recommendations:

* Avoid displaying the same TV channel for long periods.
* Always to try to display any image on full screen, use TV set picture format menu for best possible match.
* Reduce brightness and contrast values to minimum required to achieve desired picture quality, exceeded values may speed up the burnout process.
* Frequently use all TV features designed to reduce image retention and screen burnout, refer to proper user manual section for details.

Securing the Installation Space

Keep the required distances between the product and other objects (e.g. walls) to ensure proper ventilation.
Failing to do so may result in fire or a problem with the product due to an increase in the internal temperature of the product.

✎ When using a stand or wall-mount, use parts provided by Samsung Electronics only.
  * If you use parts provided by another manufacturer, it may result in a problem with the product or an injury due to the product falling.
✎ The appearance may differ depending on the product.
✎ Be careful when you contact the TV because some parts can be somewhat hot.

Installation with a stand.   Installation with a wall-mount.

Warning! Important Safety Instructions

Please read the safety instructions below before installing and using the product.

CAUTION
RISK OF ELECTRIC SHOCK. DO NOT OPEN.
CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE COVER (OR BACK). THERE ARE NO USER SERVICEABLE PARTS INSIDE. REFER ALL SERVICING TO QUALIFIED PERSONNEL.

⚡ This symbol indicates that high voltage is present inside. It is dangerous to make any kind of contact with any internal part of this product.

⚠ This symbol indicates that important literature concerning operation and maintenance has been included with this product.

* The slots and openings in the cabinet and in the back or bottom are provided for necessary ventilation. To ensure reliable operation of this apparatus, and to protect it from overheating, these slots and openings must never be blocked or covered.
  − Do not cover the slots and openings with a cloth or other materials.
  − Do not block the slots and openings by placing this apparatus on a bed, sofa, rug or other similar surface.
  − Do not place this apparatus in a confined space, such as a bookcase or built-in cabinet, unless proper ventilation is provided.
* Do not place this apparatus near or over a radiator or heat register, or where it is exposed to direct sunlight.
* Do not place a vessel containing water (vases etc.) on this apparatus, as this can result in a risk of fire or electric shock.
* Do not expose this apparatus to rain or place it near water (near a bathtub, washbowl, kitchen sink, or laundry tub, in a wet basement, or near a swimming pool etc.). If this apparatus accidentally gets wet, unplug it and contact an authorized dealer immediately.
* Make sure to pull out the power cord from the outlet before cleaning.
* This apparatus uses batteries. In your community, there might be regulations that require you to dispose of these batteries properly to protect the environment. Please contact your local authorities for disposal or recycling information.
* Do not overload wall outlets, extension cords, or adaptors beyond their capacity, since this can result in fire or electric shock.
* Power-supply cords should be routed so that they are not likely to be walked on or pinched by items placed upon or against them. Pay particular attention to cords at the plug end, where connected to adaptors, and at the point where they exit from the apparatus.
* To protect this apparatus from a lightning storm, or when it is left unattended and unused for long periods of time, unplug it from the wall outlet and disconnect the antenna or cable system. This will prevent damage to the set due to lightning and power line surges.
* Before connecting the AC power cord to the DC adaptor outlet, make sure the voltage designation of the DC adaptor corresponds to the local electrical supply. (depending on the model)
* Never insert anything metallic into the open parts of this apparatus. Doing so may create a danger of electric shock.
* To avoid electric shock, never touch the inside of this apparatus. Only a qualified technician should open this apparatus.
* Make sure to plug the power cord in until it is firmly inserted. Pull on the plug, not the cord, when removing the power cord from the outlet. Do not touch the power cord with wet hands.
* If this apparatus does not operate normally - in particular, if there are any unusual sounds or smells coming from it - unplug it immediately and contact an authorized dealer or service center.
* Be sure to pull the power plug out of the outlet if the TV is to remain unused or if you are to leave the house for an extended period of time (especially when children, elderly or disabled people will be left alone in the house).
  − Accumulated dust can cause an electric shock, an electric leakage, or a fire by causing the power cord to generate sparks and heat, or cause the insulation to deteriorate.
* Be sure to contact an authorized service center, when installing your set in a location with heavy dust, high or low temperatures, high humidity, chemical substances or where it will operate for 24 hours a day such as in an airport, a train station, etc. Failure to do so may cause serious damage to your set.
* Use only a properly grounded plug and receptacle.
  − An improper ground may cause electric shock or equipment damage. (Class I Equipment only.)
* To turn off the apparatus completely, you must pull the power plug out of the wall socket. Consequently, the power plug should be readily accessible at all times.
* Do not allow children to hang onto the product.
* Store the accessories (batteries, etc.) in a location safely out of the reach of children.
* Do not install the product in an unstable location such as a shaky self, a slanted floor, or a location exposed to vibration.
* Do not drop or impart a shock to the product. If the product is damaged, disconnect the power cord and contact a service center.
* To clean the product, unplug the power cord from the power outlet and wipe the product using a soft cloth dipped in a small amount of water. Do not use any chemicals such as wax, benzene, alcohol, thinners, insecticide, air freshener, lubricant or detergent. This may damage the appearance or erase the printing on the product.
* Do not expose the apparatus to dripping or splashing.
* Do not dispose of batteries in a fire.
* Do not short circuit, disassemble, or overheat the batteries.
* There is a danger of explosion if you replace the batteries with the wrong type of battery. Replace only with the same or equivalent type.
* WARNING - TO PREVENT THE SPREAD OF FIRE, KEEP CANDLES OR OTHER OPEN FLAMES AWAY FROM THIS PRODUCT AT ALL TIMES.

Getting Started

Accessories

* Remote Control & Batteries (AAA x 2)
* Warranty Card / Regulatory Guide
* Owner's Instructions
* Power Cord
* Cable Manager

Input Cables (Sold Separately)

* Audio
* Composite (AV)
* Component
* Coaxial (RF)
* HDMI

✎ Make sure you have the correct cable before plugging it in. Illustrations of common plugs and jacks are shown below.

	Cable Plugs	Ports/Jacks
HDMI		
USB		

⚠ Do not plug in opposite or wrong direction. It could damage the TV port.

⚠ Do not plug cables in upside down. Be sure to check the orientation of the plug before plugging it in.

TV Controller (Panel Key)

The TV's Controller, a small joy stick like button on the bottom right side of the TV, lets you control the TV without the remote control.

Selecting the Media Play

Function menu   Selecting a Source
                       Power Off

Remote control sensor   TV Controller
                          The image is drawn by facing the front side of the TV.

Selecting the Menu

✎ Exits the menu when pressing the controller more than 1 second.
✎ When selecting the function by moving the controller to the up/down/left/right directions, be sure not to press the controller. If you press it first, you cannot operate it to move the up/down/left/right directions.

Plug & Play (Initial Setup)

When you turn the TV on for the first time, a sequence of screens and on-screen prompts will assist you in configuring the TV's basic settings. Press the POWER button. Plug & Play is available only when the Input source is set to TV. Set the initial setup following instructions that the TV guides.

✎ Connecting the power cord and antenna. (refer to 'Connections')

Connections

* For the best picture and audio quality, connect digital devices using an HDMI cable.
* If you connect an external device to the TV that uses an older version of HDMI, the video and audio may not work. If this occurs, ask the manufacturer of the device about the HDMI version and, if it is out of date, request an upgrade.
* Be sure to purchase a certified HDMI cable. Otherwise, the picture may not display or a connection error may occur.

* Connecting through the HDMI cable may not be supported depending on the PC.
* For Set-top box connection using HDMI cable, we highly recommend you to connect the HDMI IN (STB) port.

Changing the Input Source

Source List

Use to select TV or an external input source such as a DVD player / Blu-ray player / cable box / STB satellite receiver.
1. Press the SOURCE button.
2. Select a desired external input source.
■ TV / AV / Component / HDMI
   ✎ You can only choose external devices that are connected to the TV. In the Source List, connected inputs will be highlighted.

How to use Edit Name

Edit Name lets you associate a device name to an input source. To access Edit Name, press the TOOLS button in Source List. Name the device connected to the input jacks to make your input source selection easier.
✎ When connecting a DVD to the HDMI IN (STB) port with HDMI cable, you should set the TV to DVD mode under Edit Name.

Information

You can see detailed information about the connected external device.

Remote Control

✎ This remote control has Braille points on the Power, Channel, and Volume buttons and can be used by visually impaired persons.

Turns the TV on and off.
Press to directly access to channels.
Press to select additional channels (digital) being broadcasted by the same station. For example, to select channel '54-3', press '54', then press '-' and '3'.
Adjusts the volume.
Displays the channel list on the screen.
Views the Media Play.
Quickly select frequently used functions.
Selects the on-screen menu items and changes the values seen on the menu.
Returns to the previous menu.

P.SIZE: Lets you choose the picture size.
CC: Controls the caption decoder.
⚽ Turns the Sports Mode on or off.

Displays and selects the available video sources.
Returns to the previous channel.
Cuts off the sound temporarily.
Changes channels.
Displays the main on-screen menu.
Automatically shuts off the TV at a preset time.
Displays information on the TV screen.
Exit the menu.
Use these buttons according to the direction on screen.
Use these buttons in a specific feature.

Display Modes (HDMI Input)

Installing batteries (Battery size: AAA)

✎ NOTE
* Use the remote control within 23 feet from TV.
* Bright light may affect the performance of the remote control. Avoid use when nearby fluorescent lights or neon signs.
* The Color and shape may vary depending on the model.

Channel Menu

❏ Seeing Channels

Channel List

Add, delete or set Favorite channels and use the program guide for digital broadcasts. Select a channel in the All Channels, Added Channels, Favorite or Programmed screen by pressing the ▲/▼ buttons, and pressing the ENTER ↵ button. Then you can watch the selected channel.

■ 🟥 All Channels: Shows all currently available channels.
■ 🟩 Added Channels: Shows all added channels.
■ ♥ Favorite: Shows all favorite channels.
■ 🕐 Programmed: Shows all currently reserved programs.
✎ Using the remote control buttons with the Channel List
  * Green (Zoom): Enlarges or shrinks a channel number.
  * Yellow (Select): Selects multiple channel lists. Select desired channels and press the Yellow button to set all the selected channels at the same time. The ✓ mark appears to the left of the selected channels.
  * 🔧 (Tools): Displays the Channel List option menu. (The Options menus may differ depending on the situation.)

Channel Status Display icons

* ✓ : A channel selected.
* ♥ : A channel set as a Favorite.
* 🕐 : A reserved program.
* ● : A program currently being broadcast.

❏ Memorizing channels

Antenna (Switch to Cable / Switch to Air) [TOOLS↵]

Before your television can begin memorizing the available channels, you must specify the type of signal source that is connected to the TV (i.e. an Air or a Cable system).

Auto Program

✎ When selecting the Cable TV system: Selects the cable system. STD, HRC and IRC identify various types of cable TV systems. Contact your local cable company to identify the type of cable system that exists in your particular area. At this point, the signal source has been selected.
✎ After all the available channels are stored, it starts to remove scrambled channels. The Auto Program menu then reappears.
✎ Press the ENTER ↵ button to stop the channel store during Auto Program.

How to Stop Auto Programming
1. Press the ENTER ↵ button.
2. A message will ask Stop Auto Program?. Select Yes by pressing the ◄ or ► button.
3. Press the ENTER ↵ button.

❏ Other Features

Clear Scrambled Channel

This function filters out scrambled channels after Auto Program is completed. This process may take up to 20–30 minutes.
✎ Press the ENTER ↵ button to stop the Clear Scrambled Channel.
✎ This function is only available in Cable mode.

Channel List Option Menu

■ 🔧 Channel List → [TOOLS↵]
Set each channel using the Channel List menu options. Option menu items may differ depending on the channel status.

■ Add / Delete: Delete or add a channel to display the channels you want.
  ✎ All deleted channels will be shown on the All Channels menu.
  ✎ A gray-colored channel indicates the channel has been deleted.
  ✎ The Add menu only appears for deleted channels.
  ✎ Delete a channel from the Added Channels or Favorite menu in the same manner.
■ Add to Favorite / Delete from Favorite [TOOLS↵] : Set channels you watch frequently as Favorites.
■ Timer Viewing: You can set a desired channel to be displayed automatically at the set time; even when you are watching another channel. Set the current time first to use this function.
  ✎ Only memorized channels can be reserved.
  ✎ Reserved programs will be displayed in the Programmed menu.
  ✎ When a digital channel is selected, press the ► (Next Program) button to view the digital program. If you select the ENTER ↵ (Schedule) button on the next program, you can set Timer Viewing directly.
■ Channel Name Edit: (analog channels only) Assign your own channel name.
■ Select All: Select all the channels in the channel list.
■ Deselect All: Deselect all the selected channels.
  ✎ You can only select Deselect All when one or more channels are selected.
■ Auto Program: Scans for a channel automatically and stores in the TV.

❏ Programmed
(in Channel List)

■ 🔧 Channel List → Programmed → [TOOLS↵]
You can view, modify or delete a show you have reserved to watch.
■ Change Info: Change a show you have reserved to watch.
■ Cancel Schedules: Cancel a show you have reserved to watch.
■ Information: Display a show you have reserved to watch. (You can also change the reservation Information.)
■ Select All / Deselect All: You can select or deselect all channels in the channel list.

Channel Mode

Change the channel mode directly between Added Channels and Favorite Channels.
✎ The Favorite Channels is enabled only when you set Add to Favorite.

Fine Tune

(analog channels only)
If the reception is clear, you do not have to fine tune the channel, as this is done automatically during the search and store operation. If the signal is weak or distorted, fine tune the channel manually.
✎ Fine tuned channels that have been saved are marked with an asterisk "*" on the right-hand side of the channel number in the channel banner.
✎ To reset the fine-tuning, select Reset.

Picture Menu

Mode [TOOLS↵]

Select your preferred picture type.
✎ When connecting a PC, you can only select Entertain and Standard.
■ Dynamic: Suitable for a bright room.
■ Standard: Suitable for a normal environment.
■ Movie: Suitable for watching movies in a dark room.
■ Entertain: Suitable for watching movies and games.
  ✎ Only available when connecting a PC.

### Backlight / Contrast / Brightness / Sharpness / Color / Tint (G/R)

Your television has several setting options for picture quality control.
✎ When connecting a PC, you can only make changes to Backlight, Contrast, Brightness and Sharpness.

Advanced Settings

(available in Standard / Movie mode)
Compared to previous models, new Samsung TVs have a more precise picture.
✎ When connecting a PC, you can only make changes to Gamma and White Balance.
■ Dynamic Contrast: Adjusts the screen contrast.
■ Black Tone: Selects the black level to adjust the screen depth.
■ Flesh Tone: Emphasize pink "flesh tone".
■ Color Space: Adjusts the range of colors available to create the image.
■ White Balance: Adjusts the color temperature for a more natural picture.
   R-Offset / G-Offset / B-Offset: Adjusts each color's (red, green, blue) darkness.
   R-Gain / G-Gain / B-Gain: Adjusts each color's (red, green, blue) brightness.
   Reset: Resets the White Balance to it's default settings.
■ Gamma: Adjusts the primary color intensity.
■ Motion Lighting: Reduce power consumption by brightness control adapted motion.
   ✎ Available in Standard mode only.

Picture Options

✎ When connecting a PC, you can only make changes to the Color Tone, Size, and HDMI Black Level.
■ Color Tone
   ✎ Warm1 or Warm2 will be deactivated when the picture mode is Dynamic.
■ Size: Your cable box/satellite receiver may have its own set of screen sizes as well. However, we highly recommend you use 16:9 mode most of the time.
   16:9: Sets the picture to 16:9 wide mode.
   Zoom1: Use for moderate magnification.
   Zoom2: Use for a stronger magnification.
   Wide Fit: Enlarges the aspect ratio of the picture to fit the entire screen.
   4:3: Sets the picture to basic (4:3) mode.
   ⚠ Do not watch in 4:3 format for a long time. Traces of borders displayed on the left, right and center of the screen may cause image retention (screen burn) which are not covered by the warranty.
   Screen Fit: (DTV) Displays the full image without any cut-off when HDMI (720p / 1080i / 1080p) or Component (1080i / 1080p) signals are inputted.
   ✎ HD (High Definition): 16:9 - 1080i/1080p (1920x1080), 720p (1280x720)
   ✎ Settings can be adjusted and stored for each external device you have connected to an input on the TV.
   ✎ Picture Sizes available by Input Source:

Input Source	Picture Size
ATV, AV, Component (480i, 480p)	16:9, Zoom1, Zoom2, 4:3
DTV(1080i, 1080p), Component (1080i, 1080p), HDMI (720p, 1080i, 1080p)	16:9, Wide Fit, 4:3, Screen Fit

Picture Menu

■ Digital Clean View: If the broadcast signal received by your TV is weak, you can activate the Digital Clean View feature to reduce any static and ghosting that may appear on the screen.
   ✎ When the signal is weak, try other options until the best picture is displayed.
■ MPEG Noise Filter: Reduces MPEG noise to provide improved picture quality.
■ HDMI Black Level: Selects the black level on the screen to adjust the screen depth.
   ✎ Available only in HDMI mode (RGB signals).
■ Film Mode: Sets the TV to automatically sense and process film signals from all sources and adjusts the picture for optimum quality.
   ✎ Available in ATV, DTV(interlace), AV, COMPONENT (480i / 1080i) and HDMI (480i / 1080i).
■ LED Clear Motion: Removes drag from fast scenes with a lot of movement to provide a clear picture.

Picture Reset

Resets your current picture mode to its default settings.
■ Reset Picture Mode: Returns all picture values in the currently selected mode to the default settings.

Sound Menu

Mode [TOOLS↵]

■ Standard: Selects the normal sound mode.
■ Music: Emphasizes music over voices.
■ Movie: Provides the best sound for movies.
■ Clear Voice: Emphasizes voices over other sounds.
■ Amplify: Increase the intensity of high-frequency sounds to allow a better listening experience for the hearing impaired.

Equalizer

(standard sound mode only)
■ Balance L/R: Adjusts the balance between the right and left speaker.
■ 100Hz / 300Hz / 1kHz / 3kHz / 10kHz (Bandwidth Adjustment): Adjusts the level of specific bandwidth frequencies.
■ Reset: Resets the equalizer to its default settings.

DTS TruSurround

(standard sound mode only)
DTS TruSurround is a patented DTS technology that solves the problem of playing 5.1 multichannel content over two speakers. TruSurround delivers a compelling, virtual surround sound experience through any two-speaker playback system, including internal television speakers. It is fully compatible with all multichannel formats.

Preferred Language

(digital channels only)
Digital-TV broadcasts are capable of simultaneous transmission of many audio tracks (for example, simultaneous translations of the program into foreign languages).
✎ You can only select a language from among the ones being broadcasted.

Multi-Track Sound

(analog channels only)
■ Mono: Choose for channels that are broadcasting in mono or if you are having difficulty receiving a stereo signal.
■ Stereo: Choose for channels that are broadcasting in stereo.
■ SAP: Choose to listen to the Separate Audio Program, which is usually a foreign-language translation.
   ✎ Depending on the program being broadcast, you can listen to Mono, Stereo or SAP.

Auto Volume

Because each broadcasting station has its own signal conditions, the volume may fluctuate each time channel is changed. This feature lets you automatically adjust the volume of the desired channel by lowering the sound output when the modulation signal is high or by raising the sound output when the modulation signal is low.

Visual Impaired

(digital channels only)
Adds verbal description to the main audio to help the visually impaired.

Sound Reset

■ Reset All: Resets all sound settings to the factory defaults.

Setup Menu

Language

Set the menu language.
✎ Choose between English, Español, and Français.

❏ Setting the Time

Time

✎ The current time will appear every time you press the INFO button.
■ Clock: Setting the clock is for using various timer features of the TV.
   ✎ If you disconnect the power cord, you have to set the clock again.
   Clock Mode: Set the current time manually or automatically.
   Clock Set: Set the Month, Day, Year, Hour, Minute and am/pm.
   ✎ Available only when Clock Mode is set to Manual.
   Time Zone: Select your time zone.
   DST: (Daylight Saving Time) Switches the DST (Daylight Saving Time) function on or off.
   ✎ DST and Time Zone function is only available when the Clock Mode is set to Auto.
■ Sleep Timer [TOOLS↵]
   Automatically shuts off the TV after a preset period of time. (30, 60, 90, 120, 150 and 180 minutes).
   ✎ To cancel the Sleep Timer, select Off.

Timer 1 / Timer 2 / Timer 3

Three different on / off timer settings can be made. You must set the clock first.
■ On Time / Off Time: Set the hour, minute, am/pm and Activate / Inactivate. (To activate the timer with the setting you have chosen, set to Activate.)
■ Volume: Set the desired volume level.
■ Contents: When the On Time is activated, you can turn on a specific channel or play back contents such as photo or audio files.
   - TV/USB: Select TV or USB. (Make sure that an USB device is connected to your TV)
   - Antenna: Displays the current antenna source.
   - Channel: Select the desired channel.
   - Music/Photo: Select the folder containing MP3/JPEG files on the USB device.
   ✎ The maximum displayed number of files, including sub folders, in one folder of USB storage device is 2000.
   ✎ The media may not be playing smoothly when using the device lower than USB 2.0.
■ Repeat: Select Once, Everyday, Mon~Fri, Mon~Sat, Sat~Sun or Manual to set at you convenience. If you select Manual, you can set up the day you want to activate the timer.

❏ Other Features

Game Mode

When connecting to a game console such as PlayStation™ or Xbox™, you can enjoy a more realistic gaming experience by selecting the game menu.
✎ Precautions and limitations for game mode
  * To disconnect the game console and connect another external device, set Game Mode to Off in the setup menu.
  * If you display the TV menu in Game Mode, the screen shakes slightly.
  * Game Mode is not available when the input source is set to TV.
  * After connecting the game console, set Game Mode to On. Unfortunately, you may notice reduced picture quality.

BN68-05762E_ENG-US.indd   1   2014-02-03   오후 2:38:10

Program Rating Lock

The Program Rating Lock feature automatically locks out programs that are deemed inappropriate for children. The user must enter a PIN (personal identification number) before any of the Program Rating Lock restrictions are set up or changed.

✎ **Program Rating Lock** is not available in **HDMI** or **Component** mode.

✎ The default PIN number of a new TV set is "0-0-0-0".

■ **Program Rating Lock:** You can block rated TV Programs.

■ **TV Parental Guidelines:** You can block TV programs depending on their rating. This function allows you to control what your children are watching.

■ **MPAA Rating:** You can block movies depending on their MPAA rating. The Motion Picture Association of America (MPAA) has implemented a rating system that provides parents or guardians with advanced information on which films are appropriate for children.

■ **Canadian English:** You can block TV programs depending on their Anglophone Canadian.

■ **Canadian French:** You can block TV programs depending on their French Canadian rating.

■ **Downloadable U.S. Rating:** Parental restriction information can be used while watching DTV channels.

■ **Change PIN:** The Change PIN screen will appear. Choose any 4 digits for your PIN and enter it in **Enter New PIN**. Re-enter the same 4 digits in **Confirm New PIN**. When the Change PIN screen disappears, press the OK button. The TV has memorized your new PIN.

✎ If you forget the PIN, press the remote-control buttons in the following sequence, which resets the pin to "0-0-0-0" : POWER (off) → MUTE → 8 → 2 → 4 → POWER (on)

Caption

(On-Screen Text Messages)

■ **Caption:** You can switch the caption function on or off. If captions are not available, they will not be displayed on the screen.

✎ The **Caption** feature does not work in **Component** or **HDMI** mode.

■ **Caption Mode:** You can select the desired caption mode.

Default / CC1~CC4 / Text1~Text4: (analog channels only) The Analog Caption function operates in either analog TV channel mode or when a signal is supplied from an external device to the TV. (Depending on the broadcasting signal, the Analog Caption function may or may not work with digital channels.)

Default / Service1~Service6 / CC1~CC4 / Text1~Text4: (digital channels only) The Digital Captions function works with digital channels.

✎ **Service1~6** may not be available in digital caption mode depending on the broadcast.

■ **Digital Caption Options:** (digital channels only)

Size: Options include Default, Small, Standard and Large. The default is Standard.

Font Style: Options include Default and Styles 0 to 7. The default is Style 0.

Foreground Color: Options include Default, White, Black, Red, Green, Blue, Yellow, Magenta and Cyan. You can change the color of the letter. The default is White.

Background Color: Options include Default, White, Black, Red, Green, Blue, Yellow, Magenta and Cyan. You can change the background color of the caption. The default is Black.

Foreground Opacity: This adjusts the opacity of text. Options include Default, Transparent, Translucent, Solid and Flashing.

Background Opacity: This adjusts the opacity of the caption background. Options include Default, Transparent, Translucent, Solid and Flashing.

Return to Default: This option sets each Size, Font Style, Foreground Color, Background Color, Foreground Opacity and Background Opacity to its default.

✎ **Digital Caption Options** are available only when **Default** and **Service1~Service6** can be selected in **Caption Mode**.

✎ The Foreground and Background cannot be set to have the same color.

Melody

Set so that a melody plays when the TV is turned on or off.

✎ The **Melody** does not play.
  • When no sound is output from the TV because the MUTE button has been pressed.
  • When no sound is output from the TV because the volume has been reduced to minimum with the VOL – button.
  • When the TV is turned off by **Sleep Timer** function.

Eco Solution

■ **Energy Saving:** This adjust the brightness of the TV in order to reduce power consumption. If you select **Picture Off**, the screen is turned off, but the sound remains on. Press any button except volume button to turn on the screen.

■ **No Signal Power Off :** Sets how quickly the TV switches to standby mode, if no picture is being received.
  ✎ Disabled when the PC is in power saving mode.

■ **Auto Power Off:** The TV will be automatically turned off when no user operation is received for 4 hours.

Auto Protection Time

If the screen remains idle with a still image for a certain period of time defined by the user, the screen saver is activated to prevent the formation of ghost images on the screen.

Application Menu

❏ Using the Media Play

Enjoy photos, music and/or movie files saved on a USB Mass Storage Class (MSC) device.

Connecting a USB Device

1. Turn on your TV.
2. Connect a USB device containing photo, music and/or movie files to the USB jack on the rear of the TV.
3. When USB is connected to the TV, you can select **Media Play (USB)** in Applications menu.

Using the Media Play Menu

1. Press the MENU button. Press the ▲ or ▼ button to select **Applications**, then press the ENTER↵ button.
2. Press the ▲ or ▼ button to select **Media Play (USB)**, then press the ENTER↵ button.
3. Press the ◄ or ► button to select an icon (**Videos, Music, Photos, Settings**), then press the ENTER↵ button.
  ✎ It might not work properly with unlicensed multimedia files.
  ✎ Need-to-Know List before using **Media Play (USB)**
    • Supported file systems are FAT and NTFS.
    • Certain types of USB Digital camera and audio devices may not be compatible with this TV.
    • **Media Play** only supports USB Mass Storage Class (MSC) devices. MSC is a Mass Storage Class Bulk-Only Transport device. Examples of MSC are Thumb drives and Flash Card Readers. Devices should be connected directly to the TV's USB port. USB HDD is not supported.
    • Before connecting your device to the TV, please back up your files to prevent them from damage or loss of data. SAMSUNG is not responsible for any data file damage or data loss.
    • A USB device that requires high power (more than 0.5A) may not be supported.
    • Do not disconnect the USB device while it is loading.
    • The higher the resolution of the image, the longer it takes to display on the screen.
    • The maximum supported JPEG resolution is 15360 x 8640 pixels.
    • If a file is corrupted or the TV does not support the file type, the "Not Supported File Format" message appears.
    • The TV cannot play MP3 files with DRM that have been downloaded from a for-pay site. Digital Rights Management (DRM) is a technology that supports the creation, distribution, and management of digital content in an integrated and comprehensive way, including protecting the rights and interests of content providers, preventing illegal copying of contents, and managing billings and settlements.
    • PTP device is not supported.
    • If an over-power warning message is displayed while you are connecting or using a USB device, the device may not be recognized or may malfunction.
    • If the TV has no input during the time set in **Auto Protection Time**, the Screensaver will run.
    • The power-saving mode of some external hard disk drives may be released automatically when your connect them to the TV.
    • If you use a USB extension cable, the TV may not recognize the USB device or may not be able to read the files on the device.
    • If a USB device connected to the TV is not recognized, the list of files on the device is corrupted, or a file in the list is not played, connect the USB device to a PC, format the device, and check the connection.

Videos

1. Press the ◄/► buttons to select **Videos**, then press the ENTER↵ button in the **Media Play** menu.
2. Press the ◄/►/▲/▼ buttons to select the desired video in the file list.
3. Press the ENTER↵ button or ► (Play) button.
  - The selected file is displayed on the top with its playing time.
  - If video time information is unknown, playing time and the progress bar are not displayed.
  - During video playback, you can search using the ◄/► buttons.
  ✎ In this mode, you can play movie clips contained in a game, but you cannot play the game itself.

Support Menu

Self Diagnosis

■ **Picture Test:** Use to check for picture problems. If the problem continues to occur, check the color pattern.

■ **Sound Test:** Use the built-in melody sound to check for sound problems.

■ **Signal Strength:** (digital channels only) An HD channel's reception quality is either perfect or the channels are unavailable. Adjust your antenna to increase signal strength.

■ **Reset:** Reset all settings to the factory defaults.
  ✎ The PIN input screen appears before the setup screen.
  ✎ Enter your 4-digit PIN. Change the PIN using the **Change PIN** option.

Software Upgrade

Software Upgrade can be performed by downloading the latest firmware from samsung.com to a USB memory device.

HD Connection Guide

Refer to this information when connecting external devices to the TV.

Contact Samsung

View this information when your TV does not work properly or when you want to upgrade the software. You can find information regarding our call centers and how to download products and software.

Other Restrictions

CMYK and YCCK Color space JPEGs are not supported.

Playing Multiple Files

■ **Playing selected video/music/photo files**
1. Press the Yellow button in the file list to select the desired file.
2. Repeat the above operation to select multiple files.
  ✎ **NOTE**
    - The ✓ mark appears to the left of the selected files.
    - To cancel a selection, press the Yellow button again.
    - To deselect all selected files, press the TOOLS button and select **Deselect All**.
3. Press the TOOLS button, and then select **Play Selected Contents**.

■ **Playing the video/music/photo file group**
1. While a file list is displayed, move to any file in desired group.
2. Press the TOOLS button, and then select **Play Folder**.

Media Play - Additional Functions

■ **Videos/Music/Photos Play Option menus**
When playing a file, press the TOOLS button.

Category	Operation	Videos	Music	Photos
Title	You can move the other file directly.	✓

Information	You can see detailed information about the played file.	✓	✓	✓

Settings

Using the Setup Menu

■ **DivX® Video On Demand:** Shows the registration code authorized for the TV. If you connect to the DivX web site and register with 10-digit registration code, you can download the VOD activation file. Once you play it using Media Play, the registration is completed.
  ✎ For more information on DivX® VOD, visit "http://vod.divx.com".

■ **Information:** Select to view information on the connected device.

❏ Using the Sports Mode

Sports Mode

This mode provides optimised condition for watching sports games.
✎ When the **Sports Mode** is **On**, the picture and sound modes are set to **Stadium** automatically.

Other Information

Installing the Wall Mount Kit

The wall mount kit (sold separately) allows you to mount the TV on the wall.

For detailed information on installing the wall mount, see the instructions provided with the wall mount items. Contact a technician for assistance when installing the wall mount bracket. Samsung Electronics is not responsible for any damage to the product or injury to yourself or others if you elect to install the wall mount on your own.

Wall Mount Kit Specifications (VESA)

✎ The wall mount kit is not supplied, but sold separately.

Install your wall mount on a solid wall perpendicular to the floor. When attaching to other building materials, please contact your nearest dealer. If you install the TV on a ceiling or slanted wall, it may fall and result in severe personal injury.

✎ **NOTE**
  • Standard dimensions for wall mount kits are shown in the table below.
  • When purchasing our wall mount kit, a detailed installation manual and all parts necessary for assembly are provided.
  • Do not use screws that do not comply with the VESA standard screw specifications.
  • Do not use screws that are longer than the standard dimension or do not comply with the VESA standard screw specifications. Screws that are too long may cause damage to the inside of the TV set.
  • For wall mounts that do not comply with the VESA standard screw specifications, the length of the screws may differ depending on the wall mount specifications.
  • Do not fasten the screws too firmly. This may damage the product or cause the product to fall, leading to personal injury. Samsung is not liable for these kinds of accidents.
  • Samsung is not liable for product damage or personal injury when a non-VESA or non-specified wall mount is used or the consumer fails to follow the product installation instructions.
  • Do not mount the TV at more than a 15 degree tilt.
  • Always have two people mount the TV on a wall.

Product Family	TV size in inches	VESA screw hole specs (A * B) in millimeters	Standard Screw	Quantity
LED-TV	19~22	75 X 75	M4	4
	26-28	100 X 100		
	32~42	200 X 200	M8	
	46~60	400 X 400		

Do not install your Wall Mount Kit while your TV is turned on. It may result in personal injury due to electric shock.

Securing the TV to the Wall

⚠ **Caution:** Pulling, pushing, or climbing onto the TV may cause the TV to fall. In particular, ensure that your children do not hang over or destabilize the TV; doing so may cause the TV to tip over, resulting in serious injuries or death. Follow all safety precautions provided on the included Safety Flyer. For added stability, install the anti-fall device for safety purposes, as follows.

To prevent the TV from falling
1. Since the necessary clamps, screws, and string are not supplied, please purchase these additionally.
2. Drive the screws into the clamps and firmly fasten them onto the wall. Make sure the screws are firmly fixed into the wall.
3. Connect the clamps fixed onto the TV and the clamps fixed onto the wall with a strong cable and then tie the string tightly.
  ✎ Verify all connections are properly secured. Periodically check the connections for any sign of fatigue or failure. If you have any doubt about the security of your connections, contact a professional installer.
  ✎ Install the TV close to the wall so that it does not fall.
  ✎ It is safe to connect the string so that the clamps fixed on the wall are equal to or lower than the clamps fixed on the TV. Untie the string before moving the TV.

Kensington Lock

The Kensington Lock is not supplied by Samsung. It is a device used to physically fix the system when using it in a public place. Refer to the manual provided with the Kensington Lock for additional information on proper use.
  ✎ Please find a 🔒 icon on the rear of the TV. The Kensington slot is beside the 🔒 icon.
  ✎ The position and color may differ depending on the model.

Assembling the Cable manager
